- Static IP addressing is available on any plan for an extra \$5 per month.

Features

No Bill Shock - You control how much you spend each month - choose your monthly quota, and if you've used it all then it's your choice to top it up online with a Mobile Data Block - or not.

There's no "per Mbyte excess" surprises and no shaping – what you spend is your call.

Your Choice of Hardware - Bring your own 3G modem (subject to network compatibility), or buy one pre-configured from us. Prices for USB modems start from only \$99 - or get one free on a 24 month contract.

- Micro-SIMs for the Apple iPad are now also available - only \$10 (plus \$5 delivery) on any NodeMobile plan.
- Or create your own portable hotspot with the Huawei E5832!

Your Choice of Contract - Choose discounted hardware on a 24 month contract with an early cancellation charge; or have no early cancellation charges on a 1 month contract – it's your choice.

Expert Help Desk - Internode provides free, expert and friendly Help Desk support available to you 7 days a week.

Five Free Email Accounts - Up to 5 free email accounts can be established, all with email spam and virus filtering at no additional charge.

Free Webspace - Free 50 Mbyte webspace is available to all Internode NodeMobile Data customers for personal, non-commercial use.

Included Dialup Account - Includes a dialup account, for when you're outside of network coverage but still need the 'Net. This is simply charged monthly in arrears at \$1 per hour if you use the facility; and features local call access Australia-wide.

Global Roaming Facility - International Roaming is not available on NodeMobile Data - instead we offer a global roaming facility for dialup, WiFi and hotel Ethernet access across the world via iPass (separate usage charges apply).

Security Protection - Internode protects NodeMobile customers by filtering ports which are generally used to propagate network worms and attacks. You are welcome to disable that protection via an online web page if you wish.
