

## Overview

SSL (Secure Sockets Layer) is a protocol for transmitting private information across the Internet, using a web browser client. SSL uses a cryptographic system involving two keys to encrypt data – a public key known to everyone, and a private or secret key known only to the recipient of the message.

All Internet browsers support SSL, and many Web sites use the protocol whenever confidential user information – such as credit card numbers – is required. By convention, URLs that require an SSL connection start with https instead of http.

The Geotrust Quick SSL Server Certificate enables SSL on your web server, thereby giving you the ability to communicate securely with your online customers. Each SSL Certificate is \$100 establishment and \$240 per annum; and includes a static IP address (for the secure server), and the signing and renewal of the certificate each year.

You are welcome to implement SSL on a web site that is to be hosted on the Internode Business Web Hosting platform. However, please note that for technical reasons Internode will need to be providing the DNS Management service (also called delegation) for the web site's domain name.

Our Business Web Hosting services provide a range of features and capacity to service the web hosting requirements of most business customers. For specialist needs we provide comprehensive co-location services for customers requiring either dedicated Virtual Private Servers or physical server solutions.

Internode also provides the complete range of Domain Name Services – including registration and management – please contact us if you require these additional services for your web site.

**Submit your completed and signed form to Internode by:**

**Post:** PO Box 284 Rundle Mall Adelaide SA 5000

**Email:** sales@internode.com.au

**Fax:** 1300 848 699

## Account Details

Please specify your email address for your tax invoice, notifications and other correspondence

## Service Details

### 3. Service Establishment

**New service establishment** – Please complete all details below

(\$100 establishment charge & \$240 per annum maintenance charges apply)

We require your 'webmaster' email address for technical correspondence

### 4. Service Details

Please take care to ensure the following details are exactly correct – especially the domain name. The Certificates are non-refundable after they have been registered with Geotrust, hence the establishment and first year's management charge apply to a Certificate generated with the details that you provide below.

Contact Internode Business Sales on 13 66 33 if you have any questions regarding this.

Domain Name

Administrator Name

Administrator Phone

Authinfo / Registry Key / Domain Password

### 5. Additional Information

Please document any additional information here.

You can attach an extra sheet if more space is required.

## 6. Customer Authorisation

The applicant agrees to the Internode Standard Form of Agreement (available online at [www.internode.com.au/sfoa](http://www.internode.com.au/sfoa)) and also to the product specific details contained in this document including the Additional Notes.

If the applicant is a company then the person signing this form warrants that he/she is authorised to execute this agreement on behalf of the company.

## Additional Notes

### Billing Information

Tax invoices and other notifications will be sent to the email address that you have specified in the Customer Details section of this form. Posting of paper invoices is available but discouraged for environmental reasons, and if requested will attract a \$1.50 surcharge per invoice.

The base annual fees for SSL Certificates are payable in advance. Please note that the first annual service charge, plus the establishment charge, must be paid in full before Internode can activate the service.

Full details on our payment options are available at [www.internode.com.au/payments](http://www.internode.com.au/payments).

Credit card surcharge: Payments via Visa or Mastercard incur a \$0.99 surcharge per transaction; and payments using American Express or Diners Card incur a surcharge of 2.5% of the transaction value.

There are no surcharges for BPay, Direct Debit, Direct Credit, Cheque, Money Order, Cash or EFTPOS.

Information is current as of 6 January 2012 and is subject to change without notice. All prices quoted include GST.
