

Critical Information Summary:

TurboFibre FTTB

About the Service

This TurboFibre FTTB service is a broadband internet service which uses the Fibre to the Building (FTTB) Network to deliver internet connectivity to the Network Boundary Point at your premises.

With every TurboFibre plan we offer our FTTB Phone service at no additional cost, offering great call rates and call inclusions depending on your plan of choice.

- The Critical Information Summary for FTTB Phone can be found at: www.internode.on.net/pdf/legal/cis/cis-internode-fttb-phone.pdf

Included Features

There are a range of value-added features included, with further detail at www.internode.on.net/fttb

- Unlimited data
- FTTB Phone offered
- Customer service 7 days per week, from 7am to Midnight.

Minimum Term

TurboFibre plans are available on a no lock-in contract or a 6 month contract. A 6 month contract offers a \$0 set-up fee (\$99.95 on a no lock-in contract).

Early Cancellation Fees

- If you sign up to a 6 month contract term but terminate the service before the period ends, you will need to pay \$99.95 break fee. These fees cover the costs reasonably incurred by Internode when the contract commenced.
- Cancelling your TurboFibre FTTB service will also cancel any other Internode products you've purchased that are only available when bundled with your TurboFibre plan. Should those products have their own contract, you are liable for their associated break fees.

Withdrawal Fees

- Withdrawing an order that you have placed with us will attract a withdrawal fee of \$60. This is to cover our costs in preparing to supply the service to you.
- You will also need to pay for any hardware that we have supplied to you, unless it is returned to us in its original condition.
- If you have selected to purchase a Fetch plan from us, the Fetch Setup fee paid will be credited back to your account once the Fetch Set Top box is returned to us in its original condition.

Plans

Plan Name	Monthly Included Data	FTTB Phone Call Charges	Monthly Charge	Total Min. Charge (no lock-in)	Total Min. Charge (6 month contract)
TurboFibre FTTB Unlimited	Unlimited	Pay as you go	\$59.99	\$174.94	\$374.94
TurboFibre FTTB Unlimited + Value Call Pack	Unlimited	Includes standard calls to local, national, Australian mobiles & 100 international minutes	\$69.99	\$184.94	\$434.94
TurboFibre FTTB Unlimited + Premium Call Pack	Unlimited	Includes standard calls to local, national, Australian mobiles & to our top 15 international countries	\$79.99	\$194.94	\$494.94

- Total Minimum Charge on no lock-in contract is the set-up fee (\$99.95), \$15 modem delivery fee plus one month of plan rental.
- The Total Minimum Charge on a 6 month contract is 6 months of plan rental plus \$15 modem delivery fee.
- 100 international minutes include the first 100 minutes to standard landlines and mobiles in international destinations. Standard international rates apply thereafter. Unused minutes expire at the end of each month.
- International Top 15 include calls to standard landlines and mobiles in Canada, China, France, Germany, Greece, Hong Kong, India, Korea (South), Malaysia, New Zealand, Singapore, Taiwan, Thailand, United Kingdom and United States. Standard international rates apply to calls to other countries.
- International calls are billed in 1 minute increments and exclude calls to satellite phones or to special numbers (e.g. toll-free, directory services). Full list of FTTB Phone call rates is available at www.internode.on.net/fttb

Availability

This service is available at select buildings serviced by Internode FTTB Network. Use our coverage checker www.internode.on.net to check TurboFibre FTTB availability at your address.

Required Equipment

- You will be supplied a TurboFibre FTTB ready modem (which is WiFi and VoIP enabled). You require this modem to use your TurboFibre FTTB and FTTB Phone service. Third party modems are not supported.
- You will also need a standard phone handset (approved for use in Australia) to use your FTTB Phone service.
- Any cabling that is required in your premises beyond the Network Boundary Point is your responsibility. Standard installations are completed without charge to you. Non-standard installations may require you to pay additional charges.

TurboFibre Speeds

- Actual throughput speeds may be slower and could vary due to various factors including interference, customer cabling and equipment, download source, and quality and distance of in-building copper. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable. For more information, visit www.internode.on.net/fttb
- All TurboFibre plans are configured on our maximum FTTB speed and translate to the typical speeds below;

Typical Evening Download Speeds (7pm – 11pm)	Upload speeds
90Mbps	Between 20Mbps & 40Mbps

Excess usage

TurboFibre plans include unlimited monthly data and are not subject to excess usage fees or restrictions.
